DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after the application went to issue, and an IDS was filed under 37 CFR 1.97. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution has been reopened. Applicant's submission filed on 16 May 2005 has been entered.

Information Disclosure Statement

Applicant's IDS submitted on 16 May 2005 has been entered and considered. Upon closer examination, examiner notes that all submitted prior art were pre-grant publications and are under assignment to the present assignee of the instant case and had common inventive entities, which all preclude the use of all PGPubs as prior art against the instant application under 35 U.S.C. 102(e)(2) and 35 U.S.C. 103(a) as barred by 35 U.S.C. 103(c). Therefore, the only consideration in the instant application is double patenting issues.

The only potential conflict lies with exemplary claim 1 of the Weitzman reference and claim 34 of the instant application.

Examiner's Amendment

Authorization for this examiner's amendment was given in a telephone interview with David Purks (40,133) at 1 p.m. EST on 24 June 2005.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

Art Unit: 2672

by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In claim 34,

Line 1, insert **"that excludes grid computing data"** after "data" and before "from a first data set"

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: All the reasons stated in the prior Office Action indicating allowability still stand. The amendment authorized by applicant's representative was necessary to exclude coverage of certain subject matter covered by claim 34 of the instant application versus exemplary claim 1 of the Weitzman reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
